We will arrive at the hotel at _______. The check-in time is 3:00 PM. We may have to wait to go to our room. It is OK. We will go to our room soon. We may wait in the lobby. This is what the lobby looks like. There are places to sit. We can wait calmly and quietly in the lobby. I can read books, or play with my toys while we wait. I can walk carefully and watch out for people walking fast or people moving carts with suitcases in the lobby.
Maybe our room will have 2 beds, maybe 2 beds and a small bed. The room might look like this.

In my hotel room, I can watch TV, play with my toys or video games. I can sleep! I will try not to jump on the bed, and I will try to talk quietly and make soft noises. Why? Because there are people in other rooms near us who might be trying to rest, and if I make loud noises, it might wake them up or bother them. They might not be happy. I can try to talk quietly in my hotel room.
What can I do when I am not in my hotel room?

Maybe we will eat breakfast, lunch or dinner in the restaurant while we are staying at the hotel.

The restaurant has menus for Breakfast, Lunch and Dinner. I do not have to wear dress-up clothes, but I have to be clean and wear clean clothes, and shoes.

There is also a breakfast buffet
Monday through Friday 6:00—9:30 AM
Saturday & Sunday 6:00—12:00 Noon
There are lots of things to do at the hotel. Maybe I can go swimming. There will be very important rules near the swimming pool. I will try to read the rules and follow them. I will not go swimming alone. I will go to the pool with an adult from my family or group. It is a very good idea, and a rule to walk when I am in the area around the pool. I can choose to follow all the other rules, so I will be safe, and everyone else will be safe who is swimming at the pool.

When it is time to get out of the pool, I can get out calmly, dry off with my towel, and go back to our room to change clothes. This will help me get ready for the next thing we will do.

The pool is open for swimming from 7:00 AM to 10:00 PM. If I am not older than 18 years old, I must go swimming with an adult from our family or group.
While we are staying at the Wyndham Hotel, it will be important to try to follow the rules and listen to adults who are with me, or the adults who work at the hotel. Following the rules is one example of good manners. When we use good manners, many people around us can be comfortable and safe. I can be comfortable and safe too. It can make me feel good to help everyone be comfortable and safe.

When we leave the Wyndham Hotel on ________________, check-out time is 12:00 Noon. That means we must have our suitcases packed and be out of the room by 12:00.

When it is time to check out and leave, I will look around the room and try to make sure I have all my clothes, all my personal items like my toothbrush and toothpaste, all my toys, books, video games or other things. We will leave the room quietly and calmly, and remember what a nice time we had when we stayed at the hotel.
