

My Visit To...

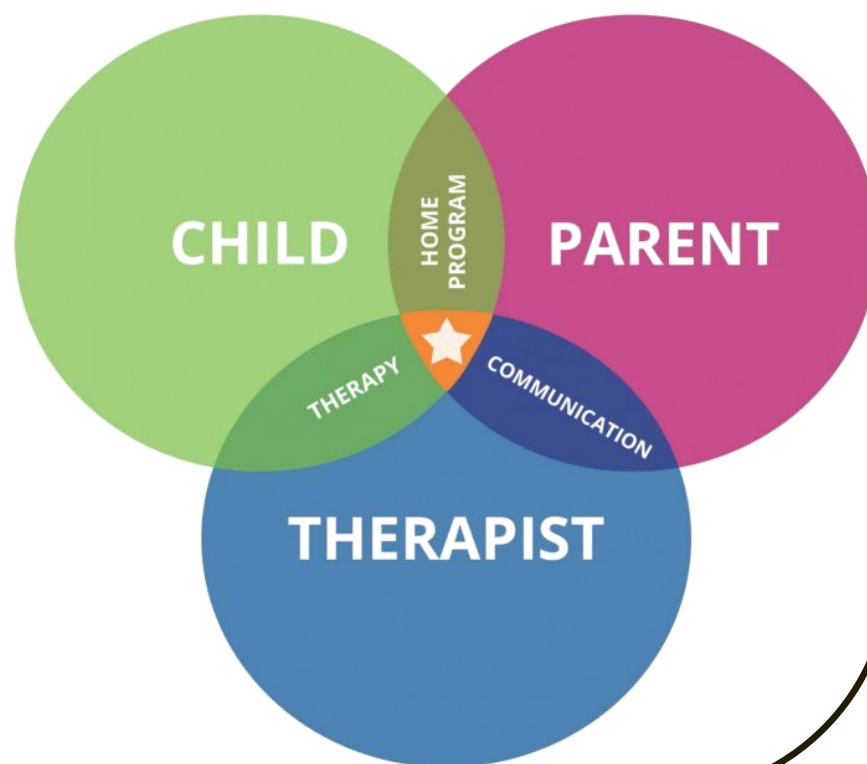

— ALL ABOUT —

SPEECH & LANGUAGE

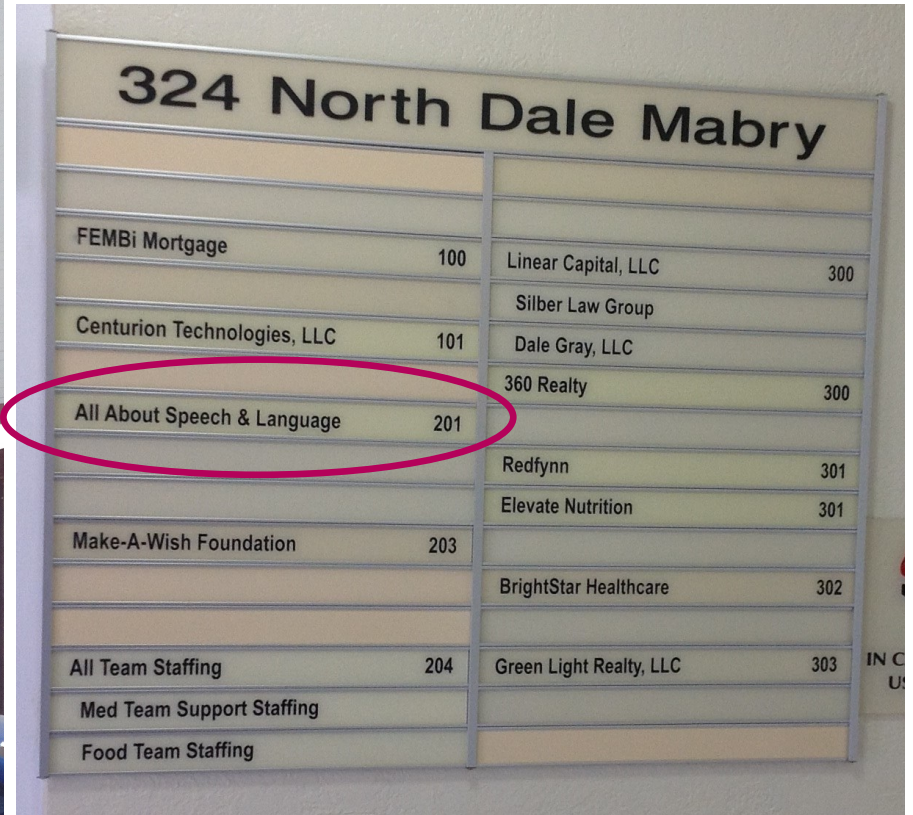

Notes to Caregivers:

- All About Speech & Language (AASL) serves clients from as young as 18 months into adulthood
- AASL accepts Tricare or private pay but can also provide you a paid invoice to submit to other insurances for you to seek reimbursement
- When you call AASL, no matter what extension you leave a message on, someone will return your call within 48 hours.
- The AASL Experience requires parent communication and involvement to be successful. You can read more about your role here: [The AASL Experience](#)
- There is a hypo-allergenic dog at the office named Gracie, who is trained as a full service dog.

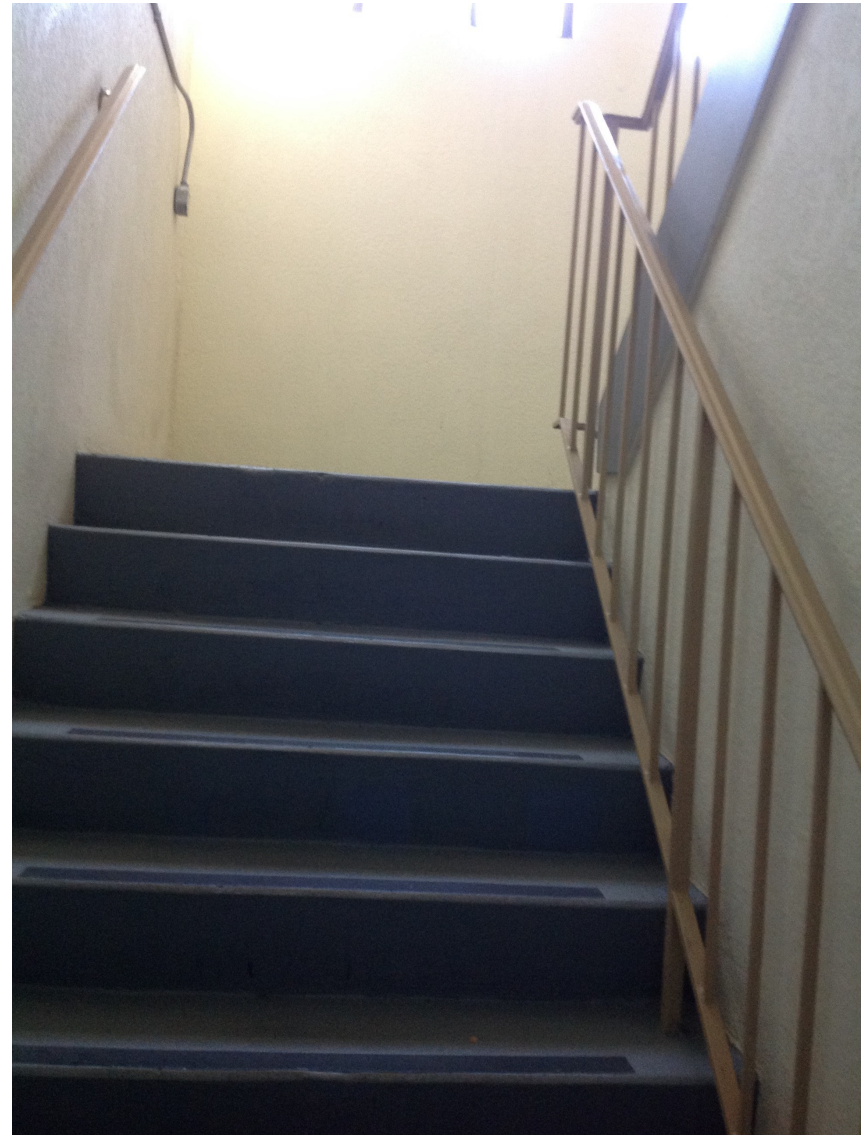

Today I will be visiting All About Speech & Language for my speech therapy, occupational therapy, or a social skills group.

When I get to All about Speech & Language, I will have to walk with the adult that brought me to the back of the building. I will hold the hand of the adult that brought me and stay close to them.

When we walk in the door, we will have to go up to the second floor. We can use the elevator or the stairs to get there.

If I have to use the bathroom, there is one at the beginning of the hallway that we will come in from. It may look like this bathroom is only for men because of the sign on the side, but this bathroom is for anyone at All About Speech & Language to use. There is a special code to

The door for All About Speech & Language is almost at the end of the hall. I can read the sign to make sure I am in the right place.

When I get to All About Speech & Language, I will wait patiently in the waiting room until my therapist is ready for me. I will stay in the waiting area with the adult that brought me until it is my turn.

When I am in the therapy rooms with my therapist, I will listen to what she says. I will use gentle hands with my therapist and with the equipment, toys, and games.

At the end of the session my therapist may make copies in the materials room for my home practice. She will then talk to the adult that brought me to therapy back in the waiting room. After they talk, we will leave the office and head back down to the car.

Meet the All About Speech & Language Team

*Ms. Briann Yimoyines Papp
Speech & Language Pathologist*

In her spare time, Briann can be found spending time with her husband, family, and friends, traveling, running and kayaking, and enjoying the sunny Florida weather with Gracie the Service Dog!

*Ms. Alicia Yimoyines Martinez
Speech & Language Pathologist*

When not fulfilling her role as a speech-language therapist, Alicia can be found spending time with her husband, family and friends, taking photographs of the beauty around her, or spending time at the water fishing or kayaking.

Ms. Brittany Garcia
Speech & Language Pathologist

Brittany spends her free time with her family and friends and enjoys photography, cooking, and taking her dog to the park or the beach. She also enjoys traveling to new places, even if it is right around the corner.

Ms. Jenna Graepel

Jenna enjoys spending her free time with family and friends, exploring new places, and cheering on the Florida Gators!

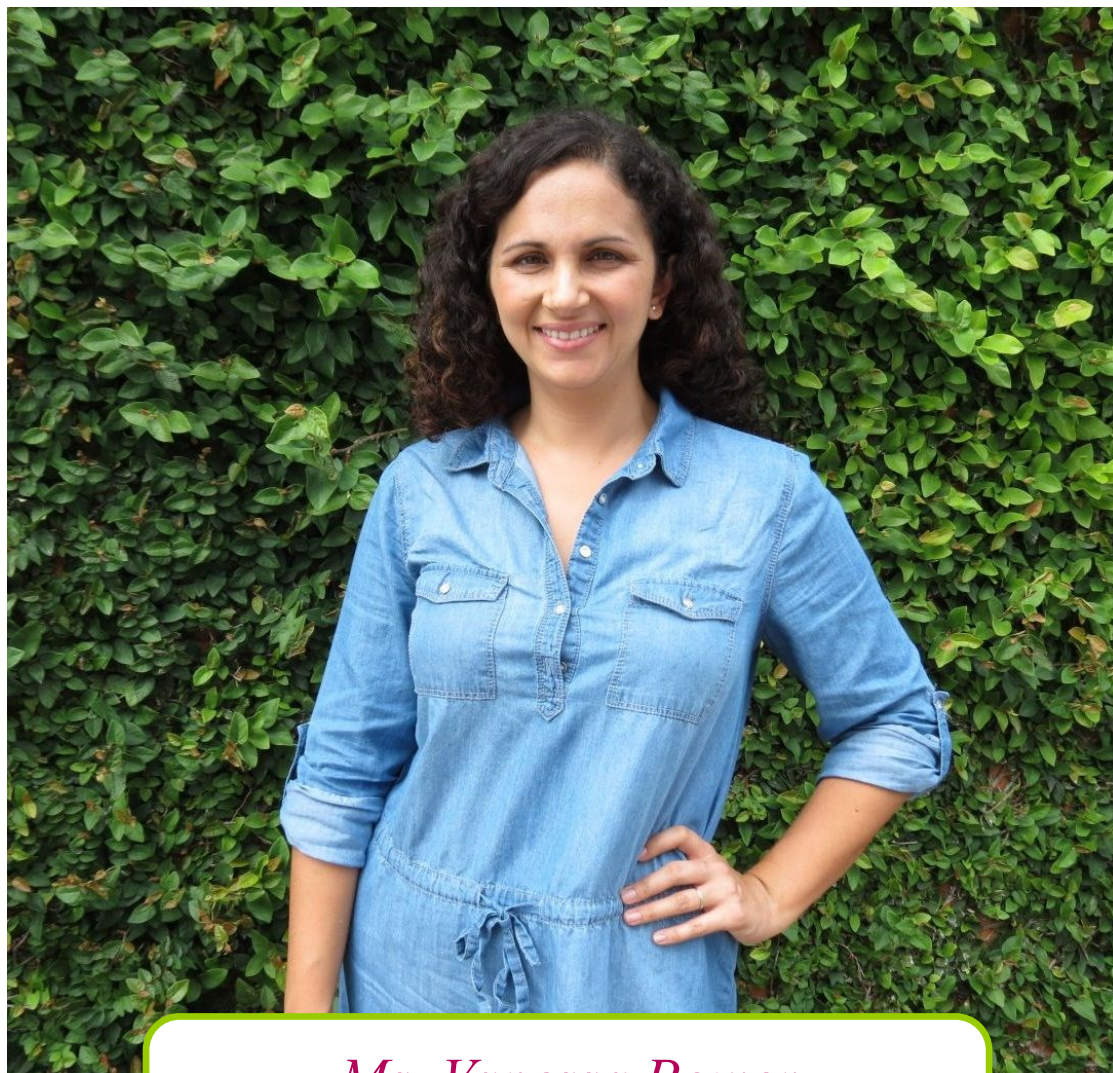

Ms. Maria Gigliotti
Speech & Language Pathologist

In her free time, you can find Maria reading biographies, trying new restaurants in Tampa, or spending time with her family and friends.

*Ms. Vanessa Power
Speech & Language Pathologist*

Her extra time is spent crafting, reading, and homeschooling her four children. She also looks forward to her weekly date night with her husband. As a volunteer, she educates at-risk pregnant women and assists them through the labor process as a Doula.

Ms. Jennifer Schwarzschild

In addition to Jennifer's commitment to helping children engage in meaningful daily roles, she loves to spend time with her family and friends, read a great book on the beach, go for runs along Bayshore Boulevard, and cheer on her favorite sports teams!

Ms. Dianna Rhoades

In her free time, Dianna enjoys spending time with her family and friends, curling up with a good book, playing with her four-legged kids, and doing DIY crafts.

Ms. Baylee Skjefte

Since moving back to Florida in December 2016, Baylee enjoys spending time with family and friends, working out, and bringing her fur kid on long walks.

Gracie
Service Dog

Gracie is a purebred Havanese dog who is a hypoallergenic ball of fluff and so much love.

She is now a fully licensed service dog. She comes to work with Ms. Briemann.

Gracie works with therapists and friends by helping, comforting and supporting them. She loves sitting close to friends in therapy and getting read to, and even playing with her bones and toys! She will also hang out in her crate to nap or rest.

Gracie asks all friends to please use soft and gentle hands when playing and petting her!
