

**Huntington**  
LEARNING CENTER®

A SOCIAL EXPERIENCE STORY

## Notes to Caregivers

This narrative was customized for the Huntington Learning Center- South Tampa location:

1726 South Dale Mabry HWY  
Tampa, FL 33629

To begin services, all students will undergo an assessment to evaluate their current academic needs. Our assessment results will determine the duration, frequency, and setting of lessons we recommend. All of our services are individualized to our students.

We value our students with special needs and will work to accommodate them with the utmost sensitivity and discretion. If there is anything we need to know about your child in order to promote their success, please do not hesitate to reach out with questions or concerns.

This social experience story, created by the Center for Autism and Related Disabilities (CARD) at the University of South Florida, is meant to help your child prepare to begin tutoring lessons with us.

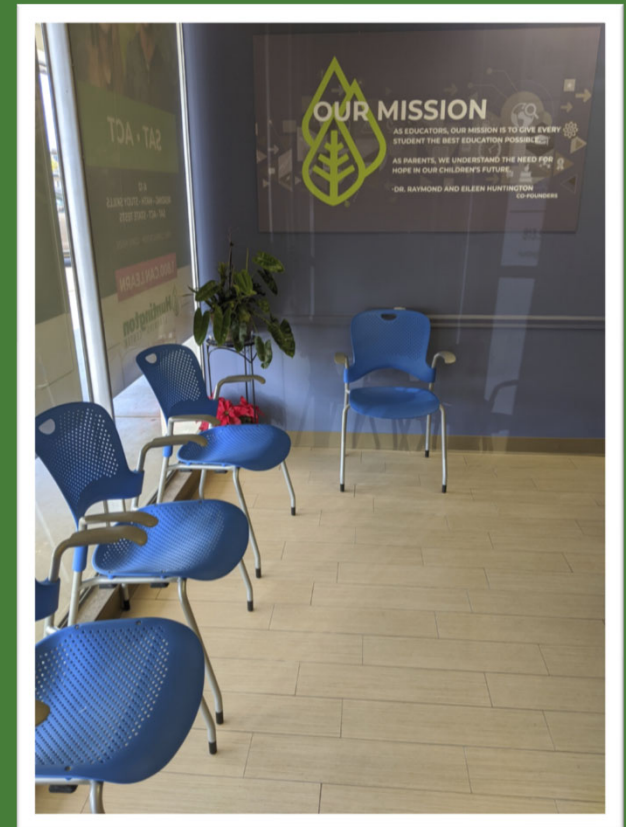

CARD offers no cost support for individuals with autism in Florida. For more information on CARD:

Soon I will be starting lessons at Huntington Learning Center. Huntington can help me if I am having a hard time in my classes at school, or with taking tests.

This is the entrance of Huntington Learning Center. My parent might wait here during my lesson.

When I arrive, I will sign in on the tablet  
and get my white binder.

I will know which one is mine  
because it will have my name  
on the side.

This is the main area where I will do my work. I may have a tutor all to myself, or I may be part of a small group. There may be other students working with their tutors in this area, too.

This is a small room that I can use if I need a break, or to take a test.

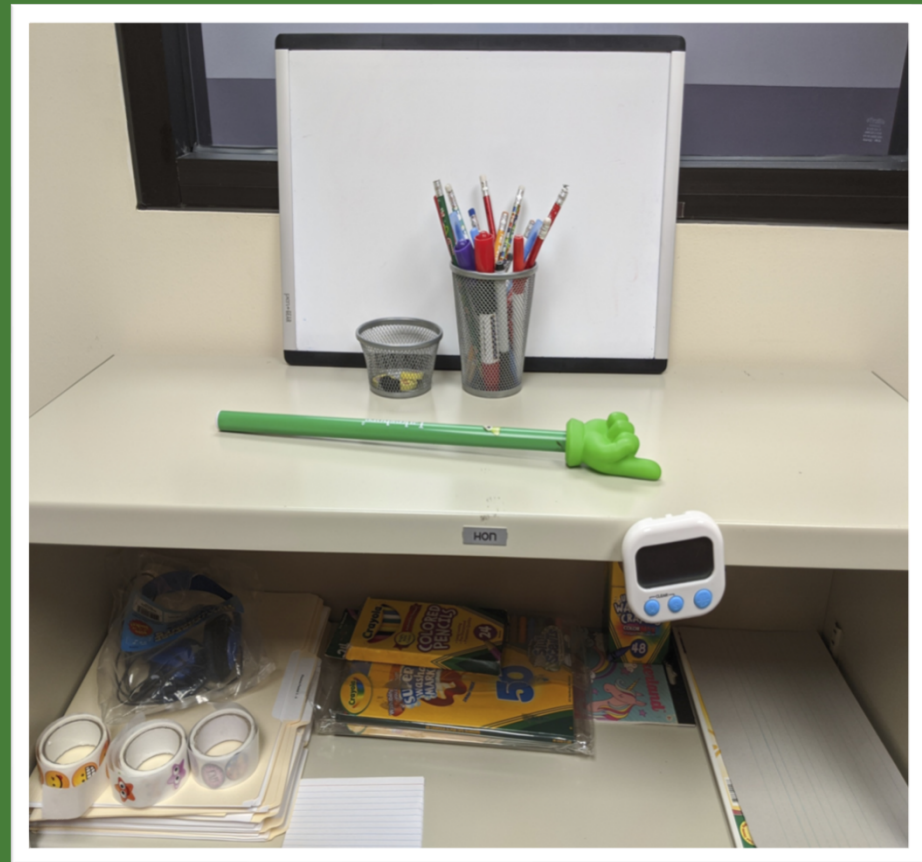

I can also ask to use this room for my work time if it is empty and I am having trouble focusing.

If I want, I can bring snacks or drinks to Huntington and keep them in the fridge. There are restrooms in the back of the building.

I will try my best to do my work and follow my tutor's instructions, but if I need a break, Huntington has crayons and whiteboards if I want to draw. I can also bring my headphones or fidget items from home if I need them.

When it is time to go home I will put my binder away and pack up the things I brought with me.

Thanks Huntington, see you next time!
